Risk Management

If a criminal conviction appears on a candidate's DBS check, Supply & Demand's DSL will conduct a risk assessment before employment can commence and speak to the candidate. A conviction does not automatically lead to rejection and would be considered its relevance to the role. The outcome depends on whether the conviction is relevant, protected by filtering, or if the candidate is on a barred list for regulated activities. The decision will be recorded, with input from commissioners where required.

Single Central Record (SCR)

Supply & Demand Consultancy Ltd will maintain an up-to-date Single Central Record containing details of all staff, teacher's volunteers and contractors' recruitment and vetting checks in accordance with *KCSIE 2025*. The SCR is regularly reviewed and audited by the Designated Safeguarding Lead
